The German section is in charge of determining credits. They take into account the number of credit hours AND the written assignments, both of which have to be equivalent to UCONN standards to merit the same number of credit hours. There are sometimes courses in the B-W exchange that one semester have one set of requirements, and another semester a different set of requirements (that's why the evaluator always needs the '*Schein*', the only document that states the required written work). A table would give the false impression that xECTS = always yUCONN credits which is not the case.
